

An underwater photograph of a vibrant coral reef. The water is a deep, clear blue. In the foreground, there is a large, branching coral structure with a mix of red and white. Below it, there are more colorful corals in shades of red, orange, and green. A large school of small, dark fish is swimming in the middle ground. Two divers are visible: one in the upper left, partially obscured by a bright light flare, and another in the lower left, swimming towards the right. The overall scene is bright and lively, capturing the beauty of marine life.
