SUSTAINABLE COASTAL CHRISTMAS TREE

Our Christmas tree is a shining symbol of sustainability and environmental care, created in collaboration with our local associates to help preserve the beauty of our sea. Standing tall at the beachfront, it tells a story of transformation and responsibility.

Its ornaments are made from ocean plastic and waste collected by our team along the shores of Koh Samui and the remote island of Koh Matlang, just across from Anantara Lawana. Each piece has been transformed into a meaningful decoration, carrying a message of hope and renewal.
