

The  
Poet Bar

*The story  
of the New York Palace  
Budapest Hotel*

The story begins in 1894, when the building is constructed by the New York Life Insurance Company. It was designed by architect Alajos Hauszmann, along with Flóris Korb and Kálmán Giergl.

In 2006 New York Palace had become a hotel. It was restored to its full glory, whilst simultaneously meeting the needs and desires of 20th-century luxury travellers.

The transformation was led by world-renowned interior architects Maurizio Papiri and Adam D Tihany.

## *The story of the Poet Bar*

Our renovated Poet Bar creates an intimate atmosphere, perfectly combined with the delicately refined surroundings, ready to welcome guests in search of peace, calm and an appetizing cocktail. Originally it was named after the legendary literary journal 'Nyugat' which was based on an upper floor from 1908.

At the 100-year-old Bar, you can overlook the New York Café, making it one of the cosiest places in the hotel.
